

*The most compact
hydraulic machine for fast-clip in the range*

Insertion and extraction of fast-clips without efforts

Compact machine and easy of use

Safe use

Your benefits

- Specially designed to insert and extract Pandrol clips "Fast-Clips"
- Easy to use, decreased mass and equipped with 4-wheel traversing trolley
- Efficiency of operations ensured by high insertion of extraction speed
- Easy storage with foldable arms
- Safe use thanks to the sleeper lifting device (option)

Self braked trolley

Sleeper lifting device

Specification

Engine	Honda GX200	
Engine gross power	4.8 kW (6.6 Hp) 3,600 rpm	
Fast-clip type	FC, FCx	
Mass	≈ 243 lbs. (110 kg) without lifting device	
	≈ 298 lbs. (135 kg) with lifting device	
Normal working pressure	210 bar	
Force	Insertion	22,000 N
	Extraction	30,000 N
Insertion output	≈ 1,200 fast-clips / hour	
Extraction output	≈ 1,100 fast-clips / hour	
Dimensions (L x W x H)	Folded arms	40 x 22 x 46 in. (1,020 x 570 x 1,170 mm)
	Unfolded arms	74 x 22 x 34 in. (1,880 x 570 x 870 mm)

Optional equipment

- Protective cover
- Working area LED lighting device
- Self braked trolley
- Reinforced action security device on left and right arms
- Sleeper lifting device

Machine compactness in a vehicle
